EDUCATION

Sri Sivasubramaniya Nadar College of Engineering

2023 - Present

M.Tech - Computer Science and Engineering (5 Years Integrated) – CGPA: 9.11

Chennai, Tamil Nadu

Jaigopal Garodia Matriculation Higher Secondary School

2022 - 2023

12th Grade - Percentage - 98.33

Chennai, Tamil Nadu

EXPERIENCE

Research and Development Intern

Jan 2025 - Apr 2025

StudAI Edutech Private Limited

Chennai, Tamil Nadu

- Benchmarked ChatGPT and DeepSeek LLMs in various educational use cases using local deployment.
- Delivered strategic recommendations for LLM integration into educational tools and platforms.

Core Committee Member - Competitive Programming

Aug 2024 - Jul 2025

SSN Coding Club, SSN College of Engineering

Remote - Chennai

- Organizing and coordinating competitive programming events and contests.
- Mentoring and guiding students to enhance their problem-solving skills.

CERTIFICATIONS

Introduction To Large Language Models (LLMs)

NPTEL - May 2025

Google AI Essentials

Coursera - Nov 2024

Google Data Analytics Professional Certificate

Coursera - Sep 2024

PROJECTS

AI Learning Coach IDE [🔗](#) | Python, Typescript, Groq

Personal Project 2026

- Process-aware VS Code extension that analyzes how you think while solving DSA problems and provides structured pedagogical feedback — without revealing solutions.
- Models coding as a temporal cognitive process and provides structured pedagogical feedback without revealing solutions — reinforcing learning instead of shortcutting it.

Interactive Reinforcement Learning Pong Trainer [🔗](#) | Pytorch, Pygame

Personal Project 2025

- Bridges theory and practice for learning RL, by converting complex RL algorithm into an interactive laboratory.
- Provides hands-on exposure to reward shaping, exploration strategies, Double DQN stabilization, and curriculum-based difficulty progression — all within a dynamic, visual environment.

Sentiment Analysis In Code-Mixed Texts [🔗](#) | scikit-learn, NLTK, tensorflow

DravidianLangTech 2025

- Compared ML and DL models for sentiment classification of Tamil-English and Tulu-English data.
- Achieved **4th** rank in shared task evaluation; focused on under-resourced languages.

Word-Level Language Classification of Dravidian Languages [🔗](#) | scikit-learn

FIRE 2024

- Performed Word-Level Language Classification of Dravidian Languages using various Machine Learning techniques.
- Secured **1st** place in the test data prediction of Tamil language.

TECHNICAL SKILLS

Languages: Python, C, Java

Frameworks: Huggingface, Tensorflow, Pytorch, Flask

Libraries/Tools: scikit-learn, Pandas, NumPy, Matplotlib, NLTK, VS Code, Git

EXTRACURRICULAR ACTIVITIES

Chess Competitions: Achieved top positions in multiple competitions, demonstrating strategic thinking (2022-Present).

Rubik's Cube Solving: Average solving time under 30 seconds, showcasing problem-solving skills.
